Peet's Coffee

Student Manager | March 2022–Sept. 2023

- Orchestrated the successful training of 21 new baristas for the new Peet's location.
- Meticulously tracked inventory and contributed to long term resupplyment of the unit to assist the supervisor.
- Maintained an average order time of below 3 minutes for the entirety of employment.
- Featured on UC Davis social media as favorite place to get coffee on campus according to students.

Barista/Cashier | Sept. 2021 - March 2022

- Recommended for promotion 3 months into tenure for the new location being built on campus.
- Learned how to be a part of a quick moving team and to communicate briefly and effectively.

Daiso USA: Shift Lead | Sept. 2020 - Sept. 2021

- Conducted the organizational oversight of long term planning of inventory orders using available sales data up to 60 days in advance.
- Entrusted with the financial reporting and handling of daily store revenue.

Diablo Valley College Chemistry Department

Chemistry Instructor and Program Ambassador | Jan. 2018 - Aug. 2020

- Spearheaded several recruiting campaigns on campus which contributed to a 25% increase in student attendees as a whole by the end of the first year.
- Students that I personally mentored received test results 15% higher after attending.
- Advocated for the program in its infancy to deans at the university and secured permanent funding for the program.
- Collaborated with professors to prepare relevant lesson plans and presented them to a class of 10-25 students weekly.

Math, Engineering, Science, Achievement Program (MESA)

Math/Chemistry/Physics Tutor and Ambassador | Jan. 2018 - Aug. 2020

- Led several recruiting campaigns on campus which contributed to a 50% increase in the size of the program.
- Prioritized student outcomes through peer to peer tutoring sessions and achieved a satisfaction score of 95%.
- Presented the program to dozens of classrooms and at numerous events in front of 200+ people
- Launched social media campaigns through the creation of the organization's instagram page and increased engagement and program reach to 500+ followers.

College For Kids

Math Instructor | Jul. 2018 - Jun. 2019

- Oversaw children aged 8-12 and tasked with teaching them basic mathematics concepts.
- Crafted daily lesson plans that were engaging and fun for students over the summer.
- Coordinated with parents in order to gauge the individual needs of their children while also balancing out the needs of the group.
